

Product change notification

Products affected:  **OMNIGene-GUT**

Part Number: OMR-200

Description: OMNIGene-GUT for Microbiome

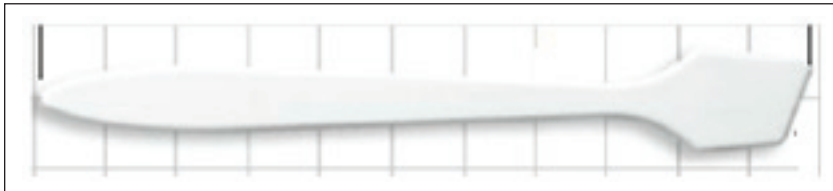

Effective date of change: April 2015

Customer action: Only required if customer has prepared additional documentation that has detailed description or photos of the product components.

Change description:

Based upon user feedback, DNA Genotek has made an improvement to the OMNIGene-GUT (OMR-200) product. The wooden stick in the collection kit will be replaced with a plastic spatula. This replacement is an esthetic improvement and does not affect the overall performance of the kit.

Angled-tip plastic spatula 114 mm (4.5 inch) in length.

Reason for change:

Esthetic change based on customer feedback.

Note:

We recommend any customer created documents or photos which have been prepared beyond DNA Genotek standard documents be updated to reflect the change in the kit components from a wooden stick to a plastic spatula.

Please contact info@dnagenotek.com if you have any issues or concerns pertaining to this product change notification.
