

## Product change notification

**Product affected:**  **OMNigene™•GUT** device and accessory packs  
DNA and RNA

**Catalog numbers/SKUs:** OMR-205

**Effective date of change:** November 2023

**Change description:**

As part of DNA Genotek's continuous improvement process, the shelf life of the OMNigene™•GUT DNA and RNA (OMR-205) device has been extended from 12 to 18 months. This change will allow our customers ample time to plan for their projects and will be reflected in the expiration date listed on the product.

**Customer action:**

No action required. If you have any questions or want to discuss this product change notification, please reach out to your account manager or email [info@dnagenotek.com](mailto:info@dnagenotek.com).
