

## Product change notification

**Products affected:**  OMNIGene•GUT

**Catalog number/SKU:** OMR-200

**Description:** OMNIGene®•GUT

**Effective date of change:** June 2022

### Change description:

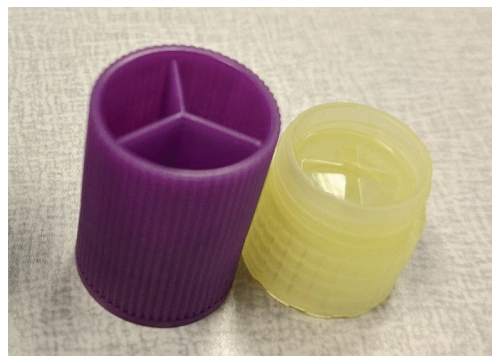

DNA Genotek will be assembling the OMNIGene•GUT OMR-200 using plastic parts manufactured by a new supplier. As such, some orders received after June 2022 might include the new purple cap that no longer features the DNA Genotek name.

### OMR-200 purple cap

**Current**

**New (in June 2022)**

**Reason for change:** DNA Genotek is updating and modifying manufacturing processes to improve product supply to customers, better support workflow scalability and improve sample traceability.

### DNA Genotek actions:

We are changing suppliers for certain product components to ensure better inventory management.

**Customer action:** No action is required. Contact your DNA Genotek account manager or email [info@dnagenotek.com](mailto:info@dnagenotek.com) if you have any issues or concerns pertaining to this product change notification.
